VERSAILLES, France, July 21.—Under gray skies, but rallying in brilliant military display put on in this country since the World War, a review of some 50,000 metropolitan and colonial troops was presented to King George and Queen Elizabeth of Great Britain today.

The review, the Versailles of King Louis XVI, and all the pageantry and splendor of the days of the "Sun King" were revived for the military ceremonial, one of a series of shows symbolizing the restoration of French prestige.

PA NEW OBSERVES

If your hobby is tomato plants, you should take a look at a garden as the northeast corner of the intersection of South Mill and Lutton streets, owned by Alex James, Mr. James has his tomato vines in the front show.

On a hot day one of the most pleasant drives about the city is the "Knox" on the way from Newshamock avenue to the paper mill bridge. With a high bluff to the west, the rippling Newshamock to the east, and tall trees on both sides, you get a thrill of nature that lingers like an onion breath.

Two little girls were walking down Washington street with their mother today. One was about three years old and the other five. A shoe-stump of the smaller girl became unloosed, and the larger stopped and picked up a shoe-stump. How many little girls five years old can do a double bow knot?

Proprietors of some of the service stations on roads entering the city are adding to their clocks of tourist cabins. A great many travelers like to stop at these cabins over night. One advantage of sleeping in them is that you can smoke all you want to without anybody in a next room wanting to murder you.

Pa News met an octogenarian on Washington street today, and after complimenting him on his youthful appearance, asked how he managed it. "Well, one thing I don't do is talk about my age, and imagine I am getting old, weaker or anything else. Two many people talk about their age all the time, and after a while they begin to believe themselves."

Japan Plans Militant Warning To Soviet

By DON BROWN
International News Service Staff Correspondent

TOKYO, July 21.—Japan, disregarding the fact that her hands are tied in China, today planned a militant warning to drive Soviet "invaders" out of Manchukuo.

If the warning fails, reliable sources here and in Manchukuo said, the Soviet troops will be attacked.

To Show Force

A "demonstration of force" in the vicinity of Changchun Mountain, which some 300 troops are allegedly fortifying, will be held by Japan in the hope of continuing Red army

Government Would Pay Almost Half Of Local Projects

With the government making outright gifts to municipalities for construction work, there is interest locally as to how far the government goes, what restrictions are laid down and how difficult it is to get the money. The interest arises out of the various proposals that have been made here to erect such buildings as a court house, a city hall, a cathedral and gymnasium at the senior high school, and others.

Under the terms of the bill passed by congress, the federal government will make an outright gift of 50 per cent of the entire cost of any new improvement. This includes not only the building cost, but the preliminary legal and engineering costs, cost of the building site, the construction of the building and the equipment and furniture needed for it.

Pick-A-Back Plane And Pilot

This picture gives you a good idea of how the British flying boat Mercury was taken off at Port Louis, Mauritius, on July 21 for a flight to Montreal, then to New York. The plane, the latest plane built, carried the Mercury off to a flying start on its back, then cut the smaller ship loose. In the inset is Capt. A. S. Wilcockson, pilot of the plane.

Elapsed time for the flight was 20 hours and 23 minutes and average horizontal speed was 140 miles an hour.

The Mercury, owned by Imperial Airways, came to a perfect landing at the waters of the St. Lawrence river at Quebec, about 15 miles below Montreal, where a landing spot had previously been marked out with buoys.

Along the coast, the government militiamen under Gen. Jose Magsalad captured the village of La Alajuela after beating off insurgent onslaughts in the Tula sector about miles below Oaxaca.

Contradictory insurgent claims said that all government counterattacks were repulsed, but no claims were made of material insurgent advances.

Fishing on a large scale began on in south central Spain in Cadiz province, today after a week-tracked lull.

There, where Italian troops are trying to win control of valuable mercury mines, an insurgent advance of 7 1/2 miles was claimed.

Crossing Ship Took Off From Back Of Another Ship Already In Air

(BULLETIN)

MONTREAL, Que., July 21.—Bound for New York on the last leg of its trans-Atlantic flight, the British flying boat "Mercury" took off from Boucherville at 1:56 p. m. EDT today.

MONTREAL, Que., July 21.—Successful in its trans-Atlantic crossing, the British flying boat "Mercury" landed here safely at 11:20 a. m. EDT today.

The Mercury made the crossing from Port Louis, Mauritius, after having been launched in a "pick-a-back" style from its larger companion ship, the ship that carried the flying boat to the Atlantic at Port Louis.

Elapsed time for the flight was 20 hours and 23 minutes and average horizontal speed was 140 miles an hour.

The Mercury, owned by Imperial Airways, came to a perfect landing at the waters of the St. Lawrence river at Quebec, about 15 miles below Montreal, where a landing spot had previously been marked out with buoys.

I read the ads in the county fair, that tell me of their wonderful show, the races and the midway tents and night show. I want to go. I get a lot of cattle pens, or horses built for sale or draft the horses with their eyes, and some. I want to see Madame Gazebo, the palmist and the blower stands the lemonade, the candy stand, the burning of the usual heads. The pickled quinces on display, the samples that they are doing there all a part of the county fair, the weather's eighty-nine today.

SEVENTH WARD NEWS

St. Margaret's
Day Celebrated

Several Hundred Seventh
Ward Citizens Join In
Celebration Wednesday

An all day celebration, on Wednesday, marked St. Margaret's Day in the Seventh ward. Several hundred residents of the district took part in the event.

At 9 o'clock, a Mass was celebrated in St. Margaret's church, at which Rev. Fr. Scholz, pastor of the church, presided. The Mass was followed by a luncheon at the home of Mrs. J. J. Scholz, at which time the Rev. Fr. Scholz presided.

A 2:30 o'clock Wednesday evening service, featuring a piano recital by the St. Margaret's choir, was held at the church. The service was presided over by Rev. Fr. Scholz.

A mixed concert of Italian and American music was played by the band.

In being the celebration to a close, one of the largest fireworks displays seen in this district for some time, was put off at the playground site. The fireworks were put off under the direction of Jack Conry.

Through the efforts of Giuseppe Prosser, Benny Nucera and Peter Cardella, who headed the committee in charge of the celebration, the entire program was a success.

GAME IS SCHEDULED

Father Scholz
Is Transferred

Will Take Over Parish Of St.
Mary's Church In Pine
Creek, Pennsylvania

Transfer of Rev. Fr. Anthony P. Scholz, for many years pastor of St. Margaret's church in the Seventh ward, is announced by Bishop Hugh C. Boyle, head of the Pittsburgh diocese.

Fr. Scholz will leave on Thursday, July 28, for Pine Creek, Pa., where he will take over the parish of St. Mary's church in that city. Pine Creek is a part of Glenfawn, Pa., located near Pittsburgh.

Bishop Boyle has chosen the Rev. Fr. Michael P. Himmelsbach, former assistant at St. Joseph's church, Mt. Oliver, to take over Father Scholz's work in Mahoningtown.

Father Scholz will be greatly missed when he leaves Mahoningtown, because while here he made many life long friends. Father Scholz was prominent in all of the activities of the community and was well thought of by all who knew him.

In Pine Creek, Rev. Fr. Scholz will have a larger parish, and the transfer will be a step forward in his career.

Plan To Clean Playing Field

Members of the Mahoning Methodist church and the Madonna Avenue Christian church softball teams will meet at the P. & O. field, North Cedar street, Friday afternoon, to clean up the site.

The field at the present time is badly in need of some care. The work will begin at 5 o'clock, and will include grass cutting and other needed tasks.

MARJORIE WALKER ENTERTAINS CLUB

Mrs. Marjorie Walker, North Liberty street, was a pleasing hostess to members of the Bridgettes club, Tuesday evening, when they gathered in her home for a regular meeting.

Bridge playing was the main pastime of the group. High score prizes were awarded to Miss Marjorie Howard and to Miss Jean Hamilton.

Special guests of the club included: Rhea Davis and Genevieve Moss.

Next meeting of the group will be held in two weeks in the home of Miss Genevieve Weisbauer, North Cedar street.

Induct Counselors
In Camp Ceremony

Impressive Torch Service Seen
By Crowd; Townsmen
Group Visits

(Special To The News)
CAMP FRED L. RENTZ, July 21.—A throng of parents and friends of the campers assembled here last night, saw 10 boys inducted as probationary junior counselors and as junior counselors. The service was in the nature of a torch and fire induction ceremony and was the first of its kind held here.

The Townsmen organization from New Castle visited camp in a body last night. A team of its members opposed a camp team in a baseball game, with the campers winning 8 to 5.

A swim in the new camp pool followed for the visitors.

Activity at the pool, leaders announced, is increasing daily. Harold Gibson's "Maiden Club" with its crazy divers is furnishing water antics while on the serious side, "Bunch" Winters has a group of 20 fellows studying junior and senior life-saving.

Lupe And Johnny
May Make Up And
Try It Once More

(International News Service)
HOLLYWOOD, July 21.—Friends of Lupe Velez and Johnny Weissmuller hinted today that although the fiery little Mexican screen actress has filed suit for divorce, another reconciliation with the one-time swimming champion is quite within the realm of possibility.

The peppery Lupe accuses her sixteen Tarzan mate of mental cruelty and charges that on various occasions Johnny was guilty of violent displays of temper, at home and in public.

Friends called attention to the fact that previously Lupe and Johnny always kissed, made up, after frequent quarrels and that's what friends of the couple wonder if the divorce ever will become a reality.

Farmers To Get Wheat Allotment For Crop Of 1939

Farmers Have Before Them AAA Break-Down By States Of 55,000,000 Acres Of Wheat

(International News Service)

WASHINGTON, July 21.—American wheat farmers today had before them the AAA break-down by states of the 55,000,000 acres designated for the wheat allotment for the 1939 crop.

Farmers in each state will shortly receive notices of the allotments for their respective counties and farms. In all cases, compliance with the allotment which is the government's effort to cut down the huge wheat surplus facing the country after the 907,000,000 bushel crop of this year and to restore an economic grain market.

If a farmer does not comply, however, he forfeits claim to all benefits for cooperating farmers under the AAA act, such as wheat loans, insurance, soil conservation payments, price payments and others.

The 55,000,000-acre national allotment for the new crop compares with the 50,000,000 acres planned for this year's over-production of wheat.

The state allotments for 1939 included:

Pennsylvania 72,559; West Virginia 115,312.

Armstrong Will Not Apologize

Declares He Has No Reason To Give Apology To Labor Board At Washington

(International News Service)

WASHINGTON, July 21.—Ernest W. Armstrong, one of the outstanding opponents of the New Deal labor philosophy, today faced the possibility of his chief counsel in the 11-months long battle between his Western Steel Company and the Labor Board, while a court test on power of the Labor Board to "disbar" attorneys was promised.

The appeal of Clyde G. Armstrong, chief counsel, but legal heir, against exclusion from further participation in the Western-NSRB labor practices case, was being studied by the three-member board following a seven-hour hearing yesterday.

The proceedings, high-tempered throughout, were climaxed by the offer of NSRB Chairman J. Warren Madden, to accept an "apology" from Armstrong for the conduct of his lawsuit, but the defendant, by a labor board trial examiner in Shenandoah, Va., last Monday.

Armstrong, tall and tanned, angrily declared he had done nothing wrong, had been attempting to protect the rights of his client, and under the circumstances, he could not apologize. It was on this note the hearing ended after a day of violent charge and countercharge.

Four Additions To Camera Club

Four new associates were voted into the membership of New Castle Camera Club at its regular meeting of the group was held Wednesday evening in their Creston avenue headquarters. These chosen were Ida Kordupski, William McLaughlin, James Rupert and Margaret Miller.

President Charles Randall presided over the business meeting during which routine matters were disposed of. Details of the approaching fall photography season were discussed.

Plans for the August meeting were announced. On Thursday, August 4, this is a change from the regular meeting date. Dr. A. W. Shewman will be the guest speaker, and will illustrate his talk with color movies taken in Mexico. On Wednesday, August 17, Mrs. James Crawford will show films taken in Austria.

Farmers To Get Wheat Allotment For Crop Of 1939

Farmers Have Before Them AAA Break-Down By States Of 55,000,000 Acres Of Wheat

(International News Service)

WASHINGTON, July 21.—American wheat farmers today had before them the AAA break-down by states of the 55,000,000 acres designated for the wheat allotment for the 1939 crop.

Farmers in each state will shortly receive notices of the allotments for their respective counties and farms. In all cases, compliance with the allotment which is the government's effort to cut down the huge wheat surplus facing the country after the 907,000,000 bushel crop of this year and to restore an economic grain market.

If a farmer does not comply, however, he forfeits claim to all benefits for cooperating farmers under the AAA act, such as wheat loans, insurance, soil conservation payments, price payments and others.

The 55,000,000-acre national allotment for the new crop compares with the 50,000,000 acres planned for this year's over-production of wheat.

The state allotments for 1939 included:

Pennsylvania 72,559; West Virginia 115,312.

Happenings And Items Of Interest At Big Tin Plate Plants Here.

ATOM SMASHER

An atom smasher now being built at the University of California will require nearly 200 tons of steel. Of this amount 150 tons are unnecessary and plates supplied by the Carnegie-Illinois Steel Corporation.

Atom smashing is a relatively new science. For many years it was thought that the tiny atoms, the building blocks of matter, were indestructible and unchangeable. Now, however, it is possible, through the application of high voltages of electricity, to break up atoms. Atom smashing definitely changes the characteristics of elements and in a few instances has actually transformed one element into another.

The atom smasher being built at the University of California is called a cyclotron. The atoms of most substances when bombarded by the high-speed particles from a cyclotron are changed to an unstable condition from which they emit rays similar to X-rays and the rays of radium. Even ordinary table salt, after being bombarded in the cyclotron, can be made similar to radium in its properties and hence can be used for medical purposes. Substances "activated" by bombardment can be identified by the rays and they send out no matter what chemical or physical changes they go through. Chemicals and biologicals, for example, can identify or

"mark" groups of activated atoms and follow their route through complicated chemical or biological systems, even though they pass non-activated atoms of the same substances.

The cyclotron now being constructed will be used mainly in medicine and biology. But besides producing radioactive materials for experimental and clinical investigations, it will supply the reaction ray in a new penetrating radiation produced at high intensity for ray research. (C. S. Steel News, July, 1938.)

Bike Riders On Way To Niagara Make Stop Here

Making Cycling Jaunt From Peoria, Ill., On Tandem Machine

With two sturdy legs to power their weather-worn tandem bicycle, two slim-bronzed Peoria, Ill., youths—one 16 and the other 17—passed in New Castle about noon on a cycling jaunt from Peoria to Niagara Falls.

and if all goes well, and "out" \$22 treasury bonds with to New York City.

The pair, Bob Krueger, 17, who will become a Westminister college freshman next fall, and his lifelong pal, Melvin Slink, 16, live on the same street in Peoria.

A Peoria-to-New York trip, they said, wasn't "a great thing" because last summer the two spent 32 days in Europe and 11 in England touring London style. They used the same bike.

"We don't go with girls on our trips," young Krueger told a crowd around the bike. Someone had suggested it as a method for honeymoon traveling. He said they had already visited New Wilmington to see Westminister's campus—and they think it swell.

"We can average 20 to 25 miles an hour," Krueger continued. "Down hill you can make 60, but you know you've got to hoof it up the hills."

The two planned to reach Erie tonight.

Today was their sixth day out of Peoria, and they had spent just eight dollars of the \$30 they started out with. They've been sleeping in barns.

Because they're planning to travel a mountainous route, the two expect to spend six days covering the Niagara-New York distance.

They got "tripped up" at a barber shop while stopping here.

Council May Exempt Penalties

Gets Request That Penalties On Six East Side Lots Be Exempted

William Butler appeared before council today and said he proposed to give to some church-goers six lots on which there are lots in Clarence avenue and Logan street for a church. They will assume the lots. He said the parcels intended at the proposed erection of the church wanted to know if the city would exempt the penalties and interest on the back taxes if they are paid. Council indicated they might. The lots on the six lots were paid off by the city and intended to give the people a place to build a church at which time a settlement will be officially discussed.

Says Government Has Power To Tax State, City, Salaries

Justice Department Gives Advisory Opinion To Treasury Department

WASHINGTON, July 21.—The federal government has all the power it needs to tax interest on state and municipal bonds and shares of state and municipal entities, the justice department said today in an advisory opinion submitted to the treasury.

In an exhaustive study of the government's taxing powers under the 16th amendment, the department reported that constitutional more extensive supporting the government's position is now available than was presented in the supreme court during consideration of previous litigation.

It seems fair to say, the opinion declared, that the amendment was intended to tax the interest on state and municipal bonds and the salaries from state and municipal officers.

Meanwhile, Congressmen of the House, Richard Malt, rep. and assistant tax experts, said they expected a general study of a question in the tax law book as the federal tax-exempt status in the state by number of the department.

Movie Industry Welcomes Probe

Government Files Anti-Trust Law Suits Against Movie Producers

WASHINGTON, July 21. Reacting to the government action in filing an anti-trust law suit against film producers, wholesale distributors and exhibitors, movie star Will Hays today declared that the industry "welcomes" the move, and believes that it should promote "progress" on the screen.

Hays, president of the motion picture producers and distributors of America, posted a lengthy statement here, defending the cinema industry and asserting that "the ac-

AROUND CITY HALL

People who have children with a communicable illness do not object very much to the placing of a warning sign on their homes, according to Chauncey Davis, sanitary policeman for the city. It is his duty to visit such places and place the signs. In discussing the situation, today Davis said that on some occasions he has had to do his duty despite objections. As soon as an attending physician reports a case of contagion to City Health Officer Dr. W. L. Steen, Davis receives a report and within a few hours the quarantine sign is placed. He is decidedly strict on enforcement. However, he said few intentionally violate health regulations. He also said that health conditions here at present are good.

Theater Guild Aims Win Commendation Of Junior Chamber

Objectives Fully Endorsed;
Group Still On Hunt
For Hall

Unanimously endorsed by the Junior Chamber of Commerce, efforts of the New Castle Civic Theater Guild, local dramatic group which will inaugurate a series of plays next fall, received fresh impetus today and its plans to estab-

Isb a community-based play field

The junior chamber in a letter to the club's business read that W. W. Turner, landed the play group's objectives as a vital link in the promotion of our art in the future.

Within a few weeks members of the play organization have met on the sum of a possible play hall. They are willing to put a mortgage for a room somewhere and

Confident the room problem will be solved shortly, members of the group, returning from vacations, are directing attention to play production details, Mr. Burnett said.

The guild now plans to present a series of ten or six plays during the fall and winter.

Corrigan Plans To Sail For Home Aboard U. S. Liner

Will Depart On Ship On July 30

Growing Tired Of "This Hero Business"—Hopes To Be Let Alone Now

PLANE WILL BE SHIPPED ON BOAT

DUBLIN, July 21.—Tired of "this hero business," Douglas Corrigan today decided to sail for home aboard the United States liner Manhattan from Dublin July 30.

The famous pilot, who has been in the news since he flew across the Atlantic in a biplane, will be accompanied by his wife and two children. They will be on the liner for a week, and then will be on their way to New York.

PROBE FATAL PLANE CRASH IN PITTSBURGH

(International News Service)
PITTSBURGH, July 21.—Investigation into the mysterious airplane crash which cost the lives of Richard Coulter, 32, veteran Greensburg pilot, and his pupil, Elmer Kert, 23, of Elma, today was being continued by both state and federal aeronautic experts.

Witnesses to the crash which took place a half-mile from Bettis airport where the pair took off only five minutes before, said the plane seemed to halt in mid-air and then suddenly plunged nose first into the ground. Coulter was instantly killed when the motor was forced back onto him, and Kert died an hour later at the Homestead hospital from a compound fracture of the skull and shock.

Cards Not Evidence Of Employability, U. S. Board Warns

Report's reaching the Social Security board that children barred from work by child labor laws are being illegally hired because they happen to have social security account numbers, today brought from John J. Corson, director of the board's bureau of old-age insurance, the warning that possession of such a card is not evidence of the holder's employability.

Mr. Corson said that in a few limited cases, employers, according to these reports, have explained they took it for granted the legal working age because he had exhibited an account card. Since the registering of applicants for old-age insurance began late in 1930, account numbers have been assigned to approximately 150,000 persons below the age of 16.

"The responsibility of an employer to comply with federal and state laws regarding the hiring of minors is not affected by the fact that the applicant for work may display an account card," he said.

NEW CASTLE DRUG

WAKE UP YOUR LIVER BILE—Without Calomel—And You'll Jump Out of Bed in the Morning!

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks dark.

A more bowel movement doesn't get at the cause. It takes three good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

Don't Let Constipation Drag On!

Do you often have days when you wake up tired when you feel dull, slow, listless, do not have energy? Is it time you did something about it? And something more than just taking a physic? You should get at the cause of the trouble!

If you eat what most people do—just bread, meat, potatoes—chances are that just this fact is responsible; you don't get enough "bulk" and "bulk" doesn't mean a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines that helps a bowel movement.

If this is your trouble, what you need is crisp crunchy Kellogg's All-Bran for breakfast. It contains "bulk" plus Nature's great intestinal tonic, vitamin B.

Eat it every day, drink plenty of water, and see if your old sparkle doesn't come back! Made by Kellogg in Battle Creek.

Fish Tales by WALT SEIFERT A CENTRAL PRESS FEATURE

One of "Old Bill's" grandsons caught by Fishtaler Seifert

ALEXANDRIA, N. Y. (U.P.)—The saga of "Old Bill," the tabloid St. Lawrence picked that simply won't be caught. Back in the 1000s for a little summer smallmouth start, we ran into the celebrated monster, his jaws snapping wide and fringed with saved-off snails. "Let's fish off Cedar Island," Guide Bill Knell suggested as we left the Monticello, who knows but what we'll meet up with "Old Bill," the one that always gets away.

A fast speedboat ride and we were at the victim's lair, where, legend says, he lies in wait to humiliate rocky column conductors. Ten smallmouths later the noon-day sun beat fiercely down on the long, green pickerel began to his. Then "Old Bill" struck with all the dynamite of an infuriated osage-niche. First he'd dash up to the top and would gain a few spoutfuls of salt. Then he'd sound down for the deep, spinning the reel handles in reverse.

To Jim Beck, Alexandria, bay guide, goes the record for recent "large-mouths, smallmouths, pickerel, northern, muskies, wall-eyes and all panfish can be caught."

Today's Tip: The 1000 islands are one of the best places within a day's drive of eastern and midwest cities where "large-mouths, smallmouths, pickerel, northern, muskies, wall-eyes and all panfish can be caught."

THE OLD HOME TOWN By STANLEY

YOU KNOW WHAT? I HAD A BIRD DOG LIKE THAT ONCE-- HE WAS ALWAYS CLIMBING TREES AND ROBBING BIRDS' NESTS-- ONE DAY HE TOOK A NAP UP IN A BIG POPLAR TREE-- HE WALKED IN HIS SLEEP, FELL DOWN AND WAS SO ASHAMED OF HIMSELF HE FLEW AWAY WITH A FLOCK OF CROWS-- AND THAT AINT THE HALF OF IT!!

GRANDPAPPY GALE WINDPENNY OF HURRICANE CORNERS LET THAT NEW RENTER IN THE OLD FOSDICK HOUSE KNOW THAT HE ONCE HAD A DOG-- AND WHAT A DOG--

JAPAN TO RUN HOTELS
(International News Service)
TOKYO.—The Japan Hotel Association is planning an effort to drive out all foreign hotel managements in North China cities under Japanese domination, and set up Japanese-style inns. Nearly all non-Chinese hotels in North and Central China are financed by British or French interests.
PRESERVE JAP FOODS
(International News Service)
TOKYO.—Seeking to preserve the traditional foods of Japan against the inroads of foreign cookery, the Emperor recently sent the Imperial Household Department's head chef on a tour of cooking districts to collect recipes indigenous to the soil.
